		APPROVAL	750 W.			
APPROVAL OF STATE ENGINEER Reno, Nevada 89509						
This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the						
following limitations and conditions:  This permit to change the point of diversion and place of use of a portion						
understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a measuring device must be installed in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.  This permit limits the appropriation to 12 acre-feet per annum on 3 acres of Lot 8 and 12 acre-feet per annum on 3 acres in Lot 9 in the Silver Valley Subdivision.						
The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not						
to exceed 0.1 cubic feet per second, but not to exceed a yearly duty of 4.0 acre-feet per acre of land irrigated from any and/or all sources, and not to exceed 24.0 acre-feet annually.						
Acti	ual construction work shal	ll begin on or before		A		
Proc	of of commencement of w	ork shall be filed before	ð	N/A		
Wor	k must be prosecuted wit	h reasonable diligence	and be completed on or before	March 2, 1984
